

Fire it up!

Creative Writing

*Write to Fire Your Imagination and Inspire Your Spirit
with Sandra McKenna*

Tuesdays, beginning February 2 - March 30

This nine week series is designed to find your hidden creative essence. We all have stories to tell and songs to sing and the writing and meditative exercises we'll be doing will open you up to tap into your imaginative mind and to inspire you to share your spirit with the world. Anyone can be a creative writer so bring some paper and pen and find the writer in you!
